### AZ Compass Prep Families,

We had an Incredible first month of school at AZ Compass Prep. I have seen so many great things happening on our campus. Teachers are teaching their content areas and students are working hard learning. I have seen many projects, experiments, novel based instruction, math being used to solve real life situations, athletes, artists, theater and dance going on and all of it is amazing.

We are a unique school that nurtures the whole student. People have heard about how awesome we are, and we have so many new students that some grades have a waiting list!!

#### \*Using Family Link Reminder\*

AZ Compass Prep has implemented FamilyLink for updated information on your students grades, progress and attendance!! Go to:

[www.azcompassprep.com](http://www.azcompassprep.com) Just click this link, login and change your temporary password.

You can also email teachers or set up times to speak with them.

*Make each and everyday count. Hard work. Great attitude and good attendance now will help your children do well in high school, and in the near future of college, career school and future job.*
